MYSTERY HOUSE

by
Ken & Roberta Williams

What is an adventure game? According to the dictionary, an adventure is a hazardous or daring enterprise, an exciting experience, to risk, hazard, to venture on. One who goes on an adventure is a venturer. A seeker of fortune in daring enterprises, a speculator. In essence, an adventure game is a fantasy world where you are transported, via your own computer. You are the key character of the fantasy as you travel through a land the likes of which you will find in books that take you, through your imagination, to the world it is creating.

Through the use of over a hundred Hi-Res pictures you play and see your adventure. You communicate with HI-RES ADVENTURE in plain English (it understands over 300 words). All rooms of this spooky old house appear in full Hi-Res Graphics complete with objects you can get, carry, throw, drop or ?

In this particular HI-RES ADVENTURE game, you are transported to the front yard of a large, old victorian house. When you enter the house, you are pulled into the mystery, murder and intrigue and cannot leave until you solve the puzzles. Your friends are being murdered one by one. You must find out why, and who the killer is. Be careful, because the killer may find you! As you explore the house there are puzzles to be solved and hazards to overcome. The secret passage-way may lead you to the answer.
